1: Come up with a question!

2: What do you make of the Cohn article? What's the argument? How can you apply her analysis to what we've done in this class so far?

3: *If you get to them...* what are your thoughts on "Duck and Cover" and "The House in the Middle"? Do you find them compelling as communicative media? (From a factual perspective, they are both *correct for their context*, but that doesn't mean they communicate that well.) Why or why not? What would Cohn say about these (especially "The House in the Middle")?
